TL BINGO – track resources, ideas, and contacts. Create a communication plan and activities with a focus on each of the essential functions of the LIT program.

Shifts/Roles	Teach Information and Technology Literacy	Reading Advocacy	Information Management and Services
ELA/Literacy: Building knowledge through content-rich nonfiction			
ELA/Literacy: Reading, writing and speaking grounded in evidence from text, both literary and informational			
ELA/Literacy: Regular practice with complex text and its academic language			
Math: Focus, Coherence, Rigor			
Math Practice Standards: • Make sense of problems and persevere in solving them. • Reason abstractly and quantitatively • Construct viable arguments and critique the reasoning of others. • Model with mathematics • Use appropriate tools strategically • Attend to precision • Look for and make use of structure • Look for and express regularity in repeated reasoning.			

School Library Information and Technology Programs for 21st Century Learning

Mission: To ensure that students are effective users and producers of information and ideas

Three essential functions of Teacher-Librarians:
1. Information Technology Instruction
2. Reading Advocacy
3. Information Management

The scope and mix of these functions will depend on the program priorities and goals of each local school district and school building

1. Information and technology instruction
- Leads information literacy instruction including evaluation and analysis of the credibility, relevance and currency of information
- Coaches instructional staff in support of curriculum, information technology and information management
- Teaches students to be critical consumers and producers of information
- Teaches students and staff to use emerging learning technologies for school and lifelong learning
- Teaches students to be safe, ethical and responsible digital citizens

2. Reading advocacy
- Establishes and models a powerful, fashionable and ubiquitous culture of reading in the school community
- Motivates and guides students to read for enjoyment and understanding
- Develops a relevant collection of fiction and non-fiction in a variety of formats, ensuring quality reading choices for all students
- Manages resources in support of established curriculum and student passions

3. Information management and services
- Provides open and equitable access to resources, technology and information services for the entire school community
- Develops and administers inviting and effective physical and digital library environments
- Manages resources to support teaching and learning
- Administers information management systems to support student learning and school and district programs
